

Create your own world.

MARUTI
SUZUKI

OMNI

Maruti Omni. The most versatile car on Indian roads. Offering you a whole new world of space that allows you to pack in a lifetime in every moment. Giving you the freedom to do what you want. At work. At play. And in every way you could think of.

Maruti Omni comes in two variants: the 5 seater and the 8 seater (Omni E). Each with an affordable price tag.

The Omni at play

Maruti Omni is great news for those with lots of relatives or friends. Take it for family get-togethers, car pools or picnics. For weekends or parties. The possibilities are simply endless.

The Omni at work

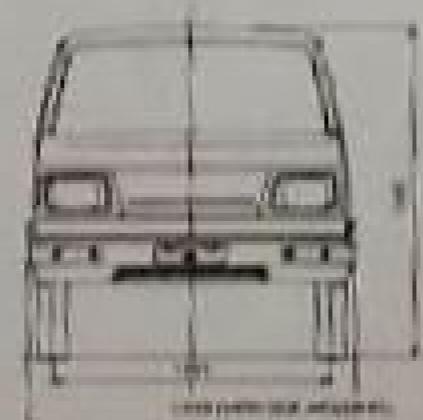

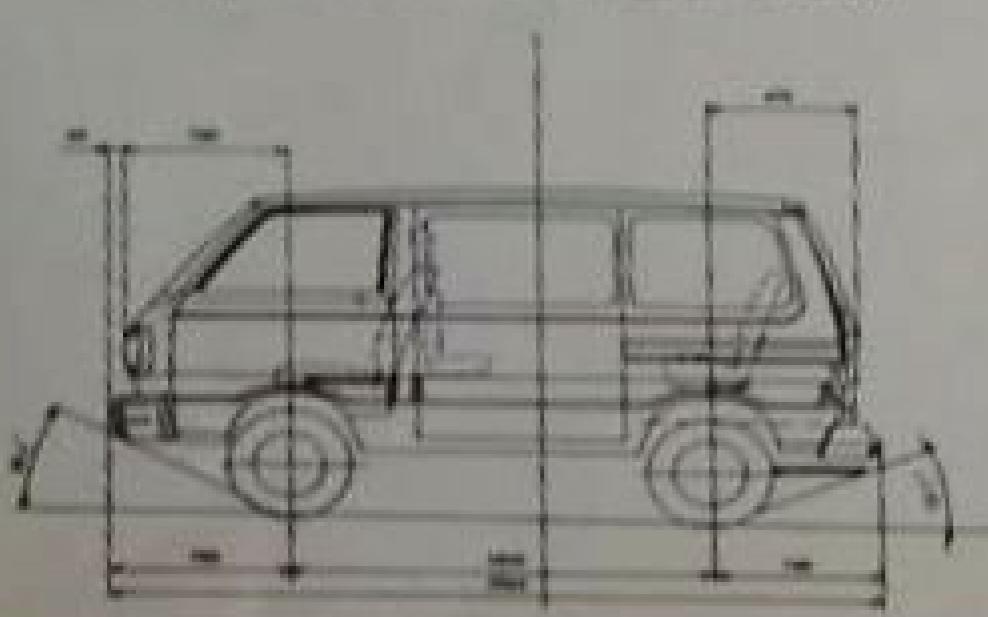

The Omni is equally at ease at work. Little wonder that it is used extensively. From a photographer's mobile studio to a drive-in fast food joint. An ambulance. A school bus. A courier van. A mobile store. And anything else you could possibly think of.

Vast support network

One of the biggest advantages of the Omni is, of course, the assurance of having India's largest car manufacturer backing you all the way. With a vast service network - 1356 state-of-the-art workshops across 525 cities, manned by over 30,000 trained personnel. So that no matter where you go, there's always someone to care for you and your Omni. The Omni also comes to you with the backing of Maruti Genuine Parts that are readily available whenever you need them, anywhere across the country.

The Omni is yours

Thanks to the finance options on offer, the Omni is yours for a modest down payment. With the balance spread over easy monthly instalments, it's so easy to acquire. Just walk into one of our dealer outlets, select the option that suits you best, and drive home with your versatile Maruti Omni.
